Presentación

El presente libro “El ABC de la Selva” fue el resultado gracias al entusiasmo y trabajo arduo de las profesoras de la RED COFLORA SUHANIA, conformada por tres instituciones educativas básica regular del nivel inicial: Rayito de Sol, Corazón de María y La Florida, en coordinación con el Consorcio Madre de Dios.

Los autores dedicaron largas horas de creatividad en la elaboración y revisión de este libro, con el asesoramiento de la Lic. Marta Torres Cabrera y la Ing. Zenaida Chulla Pfuro. Por otro lado el equipo técnico del Consorcio Madre de Dios coordinó el proceso de publicación, proporcionando importantes insumos para varias secciones del libro.

El ABC de la Selva, es un abecedario con imágenes representativas de flora y fauna, con el objeto de que los alumnos aprendan y conozcan las riquezas naturales que alberga el departamento Madre de Dios.
